Hinsdale, IL 60521

Dear Dr. <sup>Steven</sup>Louis:

Once again, thank you for your time and sharing your expertise with the anterior hip approach. I had my first anterior hip following that visit this week and it went great. Your tips and tricks helped considerably and everything went smoothly. Once again, thanks.

I am going on our long bike ride this weekend and will climb an extra hill for you.

Sincerely,

Paul J. Schreck, M.D.
